Re: Distribution of Light Bulbs for Food Pantry

Dear Mr. Erickson:

The Monroe Township Food Pantry would like to thank you and HelpLight NJ for your generous donation of 600 light bulbs for our residents.

This is a wonderful program that not only helps our families in reducing their energy bill but raises energy awareness and conservation.

We plant beautiful bulbs in the fall and in the spring we are rewarded by our efforts. This program provides a parallel in that by distributing these bulbs we provide brightness and energy reduction.

I truly commend you on your initiative and the generosity of you and HelpLight. Thank you again for your donation to the Monroe Township Food Pantry.

Sincerely,

Bonnie Leibowitz  
Director, Food Pantry  
Office on Aging
