Dear Paula Pilipovic,

My name is Dyrin Dougherty, I am a teacher at Brick Township High School and the advisor for the Key Club. Our Key Club organization focuses on community service through helping people, animals, and the environment. We are interested in helping with project Helplight and would like to distribute lightbulbs to senior citizens in the community. We were thinking of focusing on the senior apartments on Chambers Bridge Road. Thank you for your time and consideration, we are looking forward to getting involved!

Sincerely, Dyrin Dougherty
